A. DIVISIONS AND CLASSES OF NORTH DAKOTA STEER SHOW

1. HALTER CLASSES

The three age classes listed below shall be provided for Shorthorn, Hereford, Angus and other breeds (thus giving four breed groups.)

Summer Yearling — Born on or between May 1, 1968, and August 31, a steer entered as a summer yearling, but by mouthing is found to be too old, will not be allowed to be shown or sold at the show.

No animal can be shown twice in the Halter Class. The steer must be owned and fed by the consignor at least 90 days prior to the show. In case a calf in either of the two younger classes is overweight, or otherwise over the maximum requirement for the class in which it is entered, it will be transferred to the class in which it will fall according to the rules and regulations of this show.

The premiums offered shall be as follows for each of the above classes in the four breed groups:

	1st	2nd	3rd	4th	5th
Summer Yearling	\$30	\$25	\$20	\$15	\$10
Senior Calf	\$30	\$25	\$20	\$15	\$10
Junior Calf	\$30	\$25	\$20	\$15	\$10

Halter class steers will be weighed, tagged and examined from 11:00 a.m. to 1:00 p.m. Saturday afternoon, March 7, 1970. Sifting will be done, if necessary, to reduce the number of steers to not more than the best 10 head from each of the above four breed groups.

On Sunday, March 8, 1970, the steers will be transferred to West Fargo for slaughter and will be judged by a carcass judge at that time.

All steers will be individually weighed and taken immediately to Siouxland Dressed Beef Company for slaughter.

Carcasses will be weighed, measured and placed with the Champion and Reserve Carcass moved to Valley City for display as soon as possible.

ACKNOWLEDGMENT

The Board of Directors and management of the North Dakota Winter Show would like to take this opportunity to express their appreciation to the Press, Radio, T.V., Commercial Firms, Livestock Exhibitors and all individuals for their assistance in helping stage the Annual Show.

We feel that without the help of these people it would be very difficult for us to carry out our obligations, which are to promote the breeding and feeding of better livestock and the growing and selection of better strains and purer varieties of seed grain.

1970 FUTURITY JUDGES

Howard Hillman of Bon View Angus, Canova, South Dakota, and past President of the South Dakota Angus Association, will judge the Angus cattle again at this year's show.

Frank Cole, Jr., Red Lodge, Montana, a well known Shorthorn breeder and auctioneer in Montana, will place the cattle in the Shorthorn division.

Glen Klippenstein, Glenkirk Farms, Maysville, Missouri, has been selected by the Polled Hereford breeders to judge their second show.

SPECIAL AWARDS

The American Shorthorn Breeders' Association will increase the amount of each local Futurity premium in the Shorthorn classes by 50%. The American Aberdeen-Angus Breeders' Association limits its contribution to \$850.00 and the addition to individual premiums in Angus classes will be somewhere between 40% and 45%. The American Hereford Association, Hereford Drive, Kansas City, Missouri, pays 20% of the total premiums of \$5.00 or more offered for registered Hereford breeding cattle. The North Dakota Winter Show makes available \$500.00 in cash premiums to all participating Senior Futurity Breeds.

The North Dakota Angus, Hereford and Shorthorn Associations will award a belt buckle to herdsman from each breed, judged to be the best housekeeper. Appearance of cattle, stall and alleys will be considered. Owner herdsman are eligible as well as professional herdsman. Each exhibitor is to indicate who is to be considered herdsman in charge. The Angus premier exhibit award will be given by the North Dakota Angus Association to the breeder who presents his cattle in the best possible manner. NORTH DAKOTA JUNIOR FUTURITY

PURPOSES OF THE JUNIOR FUTURITY

1. To encourage farm boys and girls so inclined to establish the foundation for a future purebred herd.
2. To give such boys and girls competent assistance in securing high quality heifer calves.
3. To provide an incentive to do a good job with the calves, to secure the advantages of friendly competition, and to furnish inspiration to members and show spectators by providing for a state-wide showing of the calves.
4. To interest county extension agents, agricultural instructors, livestock breeders and others in helping members with care, feeding and breeding problems.
5. To promote better-paying cattle production in North Dakota.

1970 RULES AND REGULATIONS

1. Membership in the Junior Futurity is open to 4-H Club members and FFA members enrolled in beef breeding projects in North Dakota. Once a member, always a member, until age requirements of the 4-H and FFA bar further participation.
 - a. When a Junior Futurity member has won a Grand or Reserved Champion award with any breed twice, the member is no longer eligible to show in the Junior Futurity except the progeny from previous Junior Futurity heifers, but is encouraged to show in the Senior Futurity.
 - b. Junior Futurity member must show his own animal unless he has received prior approval from the Junior Futurity managers to use a substitute to show his animal.
2. To be eligible for exhibition in the Junior Futurity state show, the animal must:
 - a. Be purebred and must have been bred by the member or by a North Dakota breeder or purchased in dam.
 - b. Be in possession of the member by December 1, 1969.
 - c. Angus and Hereford entered must have been born on or after March 1, 1968, and before May 1, 1969.
 - d. Shorthorn entered must have been born on or after March 1, 1968, and before May 1, 1969.
3. Progeny from Junior Futurity heifers of past years may be exhibited:
 - a. Female progeny may be entered in the regular Junior Futurity classes for heifers.
 - b. Male progeny may be entered in their respective classifications. They may also be entered in a special progeny bull class. To be eligible they must meet age requirements the same as stated in item 2 (c) and (d).
4. Members are restricted to an entry of one animal in the heifer classes, unless additional entries are female progeny from previous Junior Futurity animals. In this event, the one animal restriction does not apply. In the bull progeny class, no restriction on number of entries is applicable. After a progeny animal has been shown once in the state show, it cannot be entered again.
5. All entries in the Junior Futurity classes must be accompanied by an entry fee of \$1.00.

FFA entries must be approved and signed by the Vocational Agriculture Instructor before mailing by December 1, 1969.

4-H entries must be approved and signed by the County Extension Agent before mailing by December 1, 1969.
6. Registration papers showing that ownership of entry is recorded in the member's name only, are to be presented by members to the Junior Futurity managers, prior to the Junior Futurity Show.
7. Members are expected to care for, feed and water, fit and show their own calves and to keep satisfactory project records.

Pictures For Blue Ribbon Winners

The North Dakota Futurity and the North Dakota Winter Show Sales, will have a professional livestock photographer on hand to take pictures of the calves and members placing in the blue ribbon group. These pictures will be suitably framed and inscribed with the name of the winner and the record of his blue ribbon placing. Pictures will be taken immediately following presentation of ribbons.

Best Stall Exhibit

A silver plated belt buckle will be given to the Junior Futurity exhibitor that has the best appearing stall for each breed. To be considered will be daily cooperation, neatness, decoration, cleanliness and grooming of the calf. These awards are given by the North Dakota Hereford Association, the North Dakota Shorthorn Association and the North Dakota Angus Association.

JUDGING PROCEDURE

Animals are to be judged in their respective classes and lined up according to their placing.

In addition, to make the event more educational for the young exhibitors, the judge of each breed will be requested to designate (1) calves considered highly desirable for foundation animals in the establishment of purebred herds; (2) calves somewhat less desirable for foundation animals yet satisfactory for the most part; (3) calves more or less unsatisfactory for foundation animals.

The judge will select from group number one animals that he feels will make a creditable showing in the Senior Futurity. These calves win the right to show in their respective age groups of the Senior Futurity without payment of entry fees. The owners of these calves are eligible to win any premium money offered in the Senior Futurity.

The judge will designate the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed.

Premiums will be paid on a graduated basis.

JUNIOR FUTURITY PREMIUMS

A total of \$500 is made available by the North Dakota Winter Show for cash premiums in the Junior Futurity. This purse is split among all exhibitors in varying amount depending upon placing won. In addition, each exhibitor wins a ribbon. The amount of the individual cash premium hinges on the number of animals placing in each group. Thus, until the judging is complete, the individual awards cannot be determined by the Futurity managers.

UNION STOCKYARDS LIVESTOCK MARKETING AGENCIES PLAQUES

Beautiful plaques will be awarded to Junior Futurity members having the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed. Only purple ribbon winners will be eligible. These plaques are being awarded by the Union Stockyards Company and the commission firms at West Fargo, namely: Central Livestock Association, Dakota Livestock Commission Company, Farmers Union Marketing Association, McDonald Livestock Commission Company, Montgomery & Sons, Sig Ellingson and Co.

TERMS AND CONDITIONS

Each animal will be sold to the highest bidder without reserve. Cow with calf at foot regarded as a single unit, unless otherwise announced.

Any disputes as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal as soon as sold will be at the purchaser's risk, but will not be delivered until settlement has been made.

Animals sold will be fed and cared for free of charge until the day after the sale — but at the purchaser's risk and will be turned over to the purchaser or loaded on cars for shipment as he may direct.

TERMS — CASH — Unless otherwise arranged prior to the sale.

With cattle of this age limit, it is considered that the purchaser is more responsible for their future usefulness than the breeder and that a breeder is relieved of all responsibility after a sale is completed. However, every possible precaution is taken to eliminate individuals with any known defects, and to assure that bred females are with calf. The entire offering will be sold at the halter and any further guarantee will be between buyer and seller.

The following guarantee is recommended for the buyer and seller:

1. All claims should be submitted in writing to the seller within six months.
2. In the case of bulls, the buyer shall give the bull an adequate trial and have him inspected by a veterinarian at buyer's expense.
3. Seller shall have privilege of trying bull after his return before making any adjustments.
4. Any guarantee is void if there is evidence of improper management in caring for the animal.
5. Seller will have the privilege of replacing with an animal of similar quality and breeding or refunding the purchase price of the animal.
6. The above guarantee is between the individual consignors and the buyer of each lot. The North Dakota Hereford Association assumes no liability, legal or otherwise, but will help in every way possible to make adjustments should it become necessary.

All cattle entered have been tested for Tuberculosis and Brucellosis. Cattle purchased by out-of-state buyers will have health certificates to meet requirements.

MAIL ORDERS — For those unable to attend, buying instructions may be sent to Charles Weiser, Sale Manager, or other representatives.

PLEASE NOTE:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$400.00 for bulls and \$300.00 for females in recognition of the high quality breeding cattle to be sold at the 1970 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

PLEASE NOTE:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$400.00 for bulls and \$300.00 for females in recognition of the high quality breeding cattle to be sold at the 1970 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

STANDARD GUARANTEE

Standard Guarantee Recommended by the American Shorthorn Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or sale in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

PLEASE NOTE:

"Upon recommendation by the North Dakota Beef Breed Associations, it was agreed by the North Dakota Winter Show to establish a price floor of \$400.00 for bulls and \$300.00 for females in recognition of the high quality breeding cattle to be sold at the 1970 Winter Show. Should there be animals in the sale that do not merit this price, the North Dakota Beef Breed Associations and the North Dakota Winter Show do not wish these animals to go to any producer's herd."

TERMS AND CONDITIONS

Terms and conditions are those adopted by the American Angus Association in 1965.

Terms of the sale are cash.

The auctioneer will settle any disputes as to bids by reselling the animal. No by-bidding is allowed.

Each animal will be at purchaser's risk as soon as sold. Cattle will be cared for, for a reasonable length of time after sale to permit ample time for removal.

PEACE GARDEN EILEENMERE 5437 is a son of Peace Garden 54, a certified meat sire weighing 2,460 pounds, owned by Whitney Lane Farms, Harvard, Mass. and Snorest Farms, Egeland, North Dakota, and whose half brother stood second in the summer senior yearling bull class at the 1969 International. He's developing into a large, lengthy, rugged individual with the potential to equal his sire. Mr. Barks recommended him to us as one of the top three bulls in his 1968 calf crop.

THE UNSUNG HERO

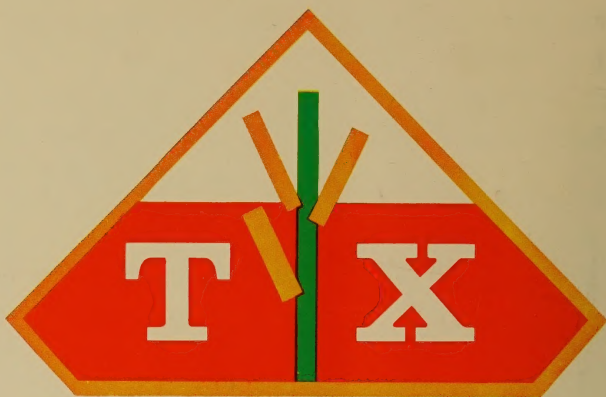

The versatile Melroe Bobcat loader is very much a part of the action at the Winter Show. You may not notice it—the compact Bobcat doesn't take much room—but it's here doing jobs men and bigger machines can't handle.

Which is why the Melroe Bobcat was picked as the Winter Show's unofficial maintenance vehicle. But the Bobcat deserves that honor . . . it's worked hard for it. Be sure to catch the Bobcat's backstage performance, if you can. Melroe's full line of farm equipment is on display, too. The new, double-action Multiweeder, the automatic Re-Set Plow, the Harrowweeder and the Windrow Pickup—unique show stars in the business of farming. All great products. All presented by Melroe—at work building better machines for farm and industry.
